“Kuenkhen Drukpa Choera” was established to uphold the doctrine of Buddha in general, to promote the transmission and realization teachings of Palden Drukpa and to make our young monks well informed about the uncommon view, meditation and conduct taught by Kuenkhen Pema Karpo without having to envy others and for the last five years so many young monastic students have received direct educational benefit from it.

To continue with the same initiatives in future, “Kuenkhen Drukpa Founding Organization” comprising 10 members headed by Khenpo Karma Thaye Dorji (Vice President of Tango Dorden Tashithang Buddhist University) and Khenpo Nima (Head of Research Division) has been formed.

The Tsugla Office of Zhung Dratshang here by recognizes the organization and appreciates it for its noble initiatives.

May this organization be of immense benefit to the doctrine of Buddha and Palden Drukpa.
